DEVIN FUNG

My Website

## SUMMARY

---

Front-end developer well-versed in front-end ecoystsem. Quick learner with a willingness to adapt and hone new technologies. Ready to expand portfolio with new skills gained under guidance.

## TECHNICAL SKILLS / SOFT SKILLS

---

### Programming Languages / Frameworks / Tools

ReactJS, JavaScript, HTML5, CSS3, NodeJS, Redux, Bootstrap, Flexbox, React Redux, React Router, Axios, C++, NPM, Yarn, RESTful API, object oriented programming, MongoDB, Git

### Languages

English (native), Cantonese (fluent), Mandarin (beginner)

## EDUCATION

---

University of California Los Angeles, Los Angeles, CA

2014-2019

Bachelor of Science in Electrical Engineering

## EXPERIENCE / PROJECTS / COURSES

---

### Culinary Voyage

- Developed the Culinary Voyage website using modern design features like parallax and scrolling carousels.
- Created the dynamic and interactive features using ReactJS components useState and useEffect.
- Implemented React-Router to optimize the site's routing and enable smooth transitions between pages, improving the user experience.

### Parallax Worlds

- Utilized only CSS to optimize website performance and create a visually stunning website
- Manipulated parallax effects using CSS perspective and translate to get different scrolling speeds within a wrapper

### Netflix Clone

- Recreated a lightweight Netflix clone using ReactJS.
- Integrated Stripe for handling payments and subscriptions for a secure checkout process for users.
- Utilized Axios to fetch data from the TMDB API database and populate the website with an extensive catalog of movie and TV options.
- Implemented Firebase to store user data, handle authentication, and authorize user login.
- Managed state with Redux to improve user experience through reduced page load times.

### Professional Esports CSGO & Valorant Competitor and Coach

2012 – 2022

- Captain of three teams for a decade. Coached and competed with the UCLA collegiate team while balancing school work and training 40 hour weeks.
- Excelled in strategic thinking and team collaboration to compete and win in ESEA Open, Main, and Advanced leagues

### UCLA and Online Courses

Object Oriented Programming, Algorithms, Data Structures, Udemy Web Development Bootcamp
